Welcome and thank you for choosing this office for your dental care. We enjoy seeing new faces and if there is anything we can do to make you feel more comfortable, please let us know. Enclosed is a brief introduction about this dental office and some forms our office requires that you read and complete before treatment. If you have any questions please ask, we are happy to help.

About Your Doctor

Dr. Curtis J. Perry is an Oakland native, residing in Oakland with his wife and two children. Attended Bishop O'Dowd High School, received his B.S. in Biochemistry from Cal-State University Hayward and Doctorate of Dental Surgery from University of California, San Francisco Medical Center in 1983. He enjoys playing jazz/R&B bass guitar, computing, skiing & scuba diving. As an active member of local dental societies including Alameda County Dental Society, Greater Bay Area Dental Society, California Dental Society, American Dental Association, Dental Organization for Conscious Sedation and the American Dental Society of Anesthesiology. He stays current with the dental community at large, new techniques, while continually taking many cosmetic, orthognathic, anesthesia and general dentistry courses.

New Patient

First visit usually will include a radiographic survey. Full mouth x-rays need to be taken every 3-5 years and checkup x-rays taken every 6-24 months. If a current set is available bring or have them sent ahead of your visit. We will also need information about your insurance coverage. Should any of this information change between visits, let us know so we can update your records.

Appointments

We realize your time is valuable so appointment time is reserved for you. If your appointment time is affected by an office emergency we will call you to inform you and make changes if necessary. To avoid a charge please give two day's notice if you must cancel an appointment.

Office parking is usually available on 32nd Street or Telegraph Avenue. On 32nd Street there is 2 hour on the near side and indefinite on the far side; Metered parking on Telegraph Avenue.

Variety of Services

Most services are available to you at this office. Cosmetic dentistry including tooth bleaching, white fillings, bonding, tooth colored crowns, bridges and porcelain veneers. Comprehensive service is offered to treat cavities and missing teeth, with gentle and high quality care. Fillings (gold, silver, composite or porcelain), simple extractions, partial and full dentures, and implants. IV sedation or oral sedative medications and laughing gas are available to help relax the anxious patient. We take all precautions to ensure your safety.

Periodontal Health

We emphasize periodic preventive checkups to keep your dental health stellar. Periodontal Health is of utmost importance for your teeth to last your life. For adults who have not had regular dental visits, it is not unusual for us to detect gum disease. If you have a problem we will prescribe a treatment plan to address your particular needs. Please understand that if your situation is serious a simple cleaning may not remedy your problem. You may need to be seen by a specialist for treatment. We will be looking out for your long-term health and work to prevent future tooth loss or problems.
